OIL, GAS & MINING**

I talked to Mr. Harris of Newfield and was politely told of my error in thinking my family's mineral interest was on the Odekirk #11-12-3-W original drill site. Our rights are SW1/4/NE1/4 of section 12 the well is in the NE1/4/SW1/4 of section 12. I wish I could plead bad advice but this is all on me. As a result I am asking to withdraw my letter of objection to Docket No. 2014- 010 Cause No. 139-115, specifically the retro-active pooling (spacing) of the Odekirk #11-12-3-W Well.

My sincerest apologies to all for the commotion my lack of due diligence may have caused.

If anyone knows a sauce that makes crow more palatable I'm all ears.

Contritely, Rod Knight
